The third annual ArtAround Roswell Sculpture Tour, featuring 10 original works displayed throughout the city, will kick off with an opening celebration in April, the Roswell Arts Fund announced.

The opening is set for 11:30 a.m. to 2:30 p.m., April 14, at Riverside Park – site of a colorful, new, “Ice Pops” sculpture by artist Craig Gray. The family friendly ribbon-cutting will offer a live band, dance performances, interactive games, food trucks and arts and crafts activities. Mini-tours of ArtAround will be offered, with free shuttles provided.

AJC Ice Pops and nine other works were selected from a field of 70 entries, officials said. ArtAround adds three new locations this year – the Roswell Cultural Arts Center, Hembree Park, and Leita Thompson Park near the Arts Center West Entrance – and will be extended by three months to run from April 14 to March 2019.
