ROSWELL IN PRINT: PHOTOGRAPHY EXHIBIT

ART IN UNEXPECTED PLACES

The current pandemic has momentarily closed the doors for many traditional spaces dedicated to art but the desire for connection and creative experiences is thriving. Roswell has a wealth of nontraditional outdoor spaces to explore and Roswell Arts Fund has the opportunity to curate unique and unexpected experiences for neighborhoods throughout the city.

CAPTURING ROSWELL'S CHARACTER

The Roswell in Print photography exhibit is designed to highlight the diverse characteristics of the City of Roswell, using visual storytellers to capture it through beautiful, compelling imagery and displayed in a non-traditional space in the city.

Each exhibit will explore a theme chosen from one of the concepts identified as a part of Roswell's "community character framework" in Roswell's **Public Art Master Plan**.

Themes include:

- We are modern spirit, southern soul
- We are our nature
- We are a small city with big energy
- We are our river
- We are our colors
- We are forward thinking

Emerging and professional artists will be asked to submit images and the selected images will be displayed along a "photo wall" in a non-traditional space in Roswell. The exhibit will be on display for a minimum of 3 months. Artwork will be displayed in locations that allow for a safe, socially distanced experience.

BEYOND THE LENS

Exploring non-traditional spaces also creates a variety of possibilities for new partnerships and additional programming.

Partnering with organizations like Getty Images, the Photographic Society of America and Atlanta Celebrates Photography has the potential to introduce Roswell to new visitors and businesses.
